Operations

By Paul Rardin

Tonight is one night that tractor won't roll in the Everglades. Because everybody's looking forward to the opening of the football season and it'll be hard to find someone who would rather drive a tractor tonight than attend the game. Sarasota's aggregation will arrive shortly after noon, bringing their band with them to pep up things a little during the game.

Coach Hobson's boys are in excellent physical condition and ready to go. They have been looking forward to tonight's game since they started regular practice the first of the season. Hobson has whipped the boys into shape and will start what he thinks is his best line-up against the invaders. You'll find the line-up elsewhere on this page.

When the boys trot out tonight onto Laid field you'll see an excellently equipped aggregation. New helmets and new uniforms. Every kind of a protector known to foot ball players has been purchased for the chaps who are in the game on the gridiron. For, after all, why shouldn't they have every protection possible? Don't they get their heads and necks like the very devil while we sit on the sidelines and take it easy.

And a word about Laid field. I'll put it up against any field in South Florida. It'll almost kill it better than any playing field in the state. Yes, I know that's saying a lot of territory, but it's a fact. There just isn't another field with a springy turf like Laid field. This fertile grass, you know, just naturally grows better grass than can be grown elsewhere. Then about the lights. They just shined away on the field. Is any other field going to outclass Laid field?

The Rotary club of Pahoek in the past has presented the outstanding boys and girls of the senior class with a beautiful cup. Last year another cup was awarded to the winner of the senior class. And this year there is still another cup to be awarded. It will go to the most valuable player on the foot ball team. Paul S. Jordan of the Jordan Jewelry Store, is giving the cup. Each year the most valuable player will have the same name engraved on the cup and it will remain in the collection of cups being accumulated by Pahoek high school students.

I don't know whether you know or not but a lot of folks in Pahoek and Belle Glade are in the movies. They may not know it either. But, last night I cranked up my movie machine and watched familiar figures film across the screen. The other afternoon I took a couple of reels of movies on the streets of Pahoek and Belle Glade. You'd be surprised how well the pictures turned out. I think with a little more practice with the movie camera I will be able to put the history of the bean industry in the Lake Region on celluloid.

I've been mighty busy this week. In fact with a foot ball game coming up tonight there are a lot of things that should be done. I'm signing off right here and plan to make arrangements to be on the sidelines when the white blouse for the kick-off.

Belle Glade School
Opened Monday A. M.

The 1937-38 Belle Glade school term opened Monday morning, September 20. There was an enrollment of 202 pupils. The principal of school is L. W. Bartlett. The grade teachers and their beginning enrollment are as follows: First grade, Miss Elizabeth Thompson, 37 pupils; second grade, Mrs. Harry Lamb, 37 pupils; third grade, Mrs. Inez Dick, 35 pupils; fourth grade, Mrs. Mary Collier, 35 pupils; fifth grade, Miss Margaret Zander, 35 pupils; sixth grade two sections with two teachers, Mrs. Kathleen Cox and Mrs. Ella Bell, 50 pupils. Junior high teachers: Principal, L. W. Bartlett, Miss Kathryn Gony and Edgar McVoy. Miss Anne Wood Banning is the music teacher.

Pahoek Meets Sarasota in Gridiron Tonight
Water Transportation Takes On
New Life As Boat Load of Bean
Hampers Arrives In Canal PointShipment Unloaded Tuesday of This Week For
Kilgore Seed Co.

Water transportation on Lake Okechobee and canals look on for life this week when a load of bean hampers was docked at Canal Point, unloaded and delivered to the Kilgore Seed company. The shipment was the first of its kind by water into the Lake Okechobee region in more than ten years, it was said.

Since the coming of the railroad, bean hampers have been shipped by rail. During the past few years, since adequate highways have been built, much freight has come into this area by truck.

The boat operated by Water Transportation, Inc., of Jacksonville, arrived Tuesday afternoon with its cargo and tied up in the West Palm Beach canal in Canal Point. An improvised dock was pressed into service and the cargo unloaded in record time. Trucks hauled the hampers to the warehouse of the Kilgore Seed company in Pahoek.

Irma Weiss, sales supervisor of the Kilgore company, in the Lake Okechobee region, stated yesterday that the hampers arrived in excellent condition. He also pointed out to a representative of this newspaper that the water transportation concern delivered the hampers to the warehouse in Pahoek.

Adequate docking facilities are not to be found at any town on the eastern shore of Lake Okechobee. The officials of Water Transportation, Inc., are anxious that some arrangements be made in the immediate future to care for loading and unloading of cargo. Officials of the Town of Pahoek have tentative plans to erect a dock and small warehouse in Pahoek. The town council has the Official action will be taken at a meeting of the council in the near future. It was stated in official circles this week.

Water Transportation, Inc., operates boats through the East Coast and Belle Glade. The river and enjoys an excellent patronage according to A. F. Slungluff, representative of the company, who stated that the first load of hampers arrived. Mr. Slungluff stated that present plans of his company call for regular trips with boats leaving Jacksonville on Tuesdays and Fridays, and arriving in the Lake Okechobee region on Thursdays and Mondays.

McLure Will Open
Auto Store

J. F. McLure, Jr., formerly of U. S. Engineer department, has returned from Atlanta, where he spent 15 days with the officials of the Western Auto Supply company, selecting fixtures and merchandise for the Western Auto Supply store which is going to open at Pahoek next or about Oct. 9. Mr. McLure is going to maintain his home in Canal Point for the present. He is very enthusiastic about his new enterprise, which will help the Glades its first auto accessory and supply store of this kind.

Mr. McLure says his opening stock of merchandise is going to include the very latest and best in auto supplies and accessories, radio, tires and other popular lines. The store (which is expected to arrive Monday, Sept. 27, along with a representative of the Western Auto Supply company, who will help with the installation and with the opening of the store on or about Saturday, Oct. 24th.

TRADESMEN INVITED
TO ATTEND MEETING

All tradesmen, union or non-union, are invited to attend a meeting which will be held Friday night, October 1, at the Woman's club building in Belle Glade. All electricians, plasterers, lathers, plumbers, etc., are extended a cordial invitation to be present at the meeting. The meeting has been arranged by R. M. Browne of Belle Glade.

Supply Company In
Pahoek Bought By
Hector Interests

The deal consummated this week and new owners are in charge.

In a deal closed last Thursday, The Lake Shore Supply company of Pahoek, one of the Lake Region's largest farm supply houses, became the property of the Hector Supply company and the Virginia Carolina Chemical corporation. P. Hill, who has been acting in charge of the Hector Supply company in Belle Glade, will be in charge of the newly acquired concern in Pahoek.

Walter T. Danson is retiring president of the Lake Shore company and Ben S. Waring is retiring vice president. John E. Starford, who has been secretary and treasurer of the company, tendered his resignation to the new concern the first of this week. Several changes have been made in the personnel of the force operating warehouses in different Glades sections. The office force at the Pahoek store remains the same.

Mr. Hill stated yesterday that present plans call for operation of the supply house along lines existing in the Hector company and its various other stores in Florida.

Howard Is Named
New Police Chief
Town Belle Glade

W. L. Cunningham succeeds H. C. Morford as Clerk of Town

At a regular meeting of the town council in Belle Glade held Wednesday night, Frank Howard was named chief of police and W. L. Cunningham was named town clerk. Cunningham succeeded H. C. Morford, who has been serving as town attorney since 1933 was chosen again for the position. Mrs. Mary Lou Donnell was re-named as assistant town clerk.

The council named two policemen to assist Chief Howard in his duties. They are Lewis E. Bird, who has served before and W. H. Chamblee, council member, was named from that body as a member of the mayor's advisory committee. The American Legion and Woman's club will each name a member of the committee at a later date.

Council chairman H. T. Hollway named department chairman as follows: High J. Bratley, streets and finance; J. H. Chamblee, buildings and public utilities; Walter Greer, parks, playgrounds and drainage; A. E. (Slungluff) Kirchman, water department.

Pioneer Growers
Buy N. N. Starling
Belle Glade Plant

New Corp. Will Operate Well Known Packing House This Year

Pioneer Growers, Inc., in a deal recently consummated, purchased the interests of N. N. Starling which included the packing house and Everglades Hangers, Inc. The hanger factory has been disposed of and will not be operated this year. The new concern will operate the packing plant and will not act as brokers, taking care of packing and shipping only, it was stated.

The property involved in the deal consists of more than 12 town lots near the depot and will give Pioneer Growers the largest privately owned railroad frontage in the Belle Glade area.

Arthur Wells is president of the new corporation and R. Y. Cress (vice president) B. G. Smith, long time bookkeeper for the Starling interest, was elected by the board of directors as secretary and treasurer. Other directors of the corporation who will serve with Messrs. Wells and Cress are: Miss Stein, R. M. Bowman, A. Kruse, and C. H. Smith.

Several thousand acres of winter vegetables are grown each year in the Glades area. It was pointed out that one or two more will be added to the list of stockholders before the opening of the vegetable season.

The packing plant is undergoing minor repairs and will be in readiness for the opening of the vegetable season. Lee Hayman has been employed by the concern to handle the selling for the corporation. Mr. Hayman was connected with the Starling interests for two seasons.

Howard Is Named
New Police Chief
Town Belle Glade

W. L. Cunningham succeeds H. C. Morford as Clerk of Town

At a regular meeting of the town council in Belle Glade held Wednesday night, Frank Howard was named chief of police and W. L. Cunningham was named town clerk. Cunningham succeeded H. C. Morford, who has been serving as town attorney since 1933 was chosen again for the position. Mrs. Mary Lou Donnell was re-named as assistant town clerk.

The council named two policemen to assist Chief Howard in his duties. They are Lewis E. Bird, who has served before and W. H. Chamblee, council member, was named from that body as a member of the mayor's advisory committee. The American Legion and Woman's club will each name a member of the committee at a later date.

Council chairman H. T. Hollway named department chairman as follows: High J. Bratley, streets and finance; J. H. Chamblee, buildings and public utilities; Walter Greer, parks, playgrounds and drainage; A. E. (Slungluff) Kirchman, water department.

HOBSON'S STARTING
LINE-UP TONIGHT

After the final workout yesterday afternoon Coach Frank Hobson announced his starting line-up for tonight's game. It is as follows:

| Position | Player |
|--------------|--------------|
| Left End | Baxter |
| Left Tackle | R. Beardsley |
| Left Guard | Frasure |
| Center | Mock |
| Right Guard | Kautz |
| Right Tackle | J. Wilkinson |
| Right End | Redditt |
| Left Half | A. Spooner |
| Left Half | Boydton |
| Full Back | Dell |
| Quarterback | Unwin |

HARDEE CROPS IN
GOOD CONDITION

WAUCHULA, Fla.—Indications are that Hardee county crops are in good condition. The corn crop is looking well, says J. G. Anderson, president of the Farmers' State Market here. Approximately 1,200 acres of peppers, 600 acres of eggplant and cucumbers, and 500 acres of miscellaneous crops such as beans, potatoes and squash have been planted. Strawberry plantings have just been made. It is believed they will reach 1,200 acres, says Mr. Anderson.

Weather conditions have been favorable and it is expected that shipments of cucumbers, eggplant and peppers will begin about October 1, becoming heavy by October 15, and continue through January.

Glades Hospital
To Be Opened By
20th of OctoberLake Park Hotel In Pahoek
Being Rebuilt For
New Hospital

Present plans materialize the Everglades Memorial Hospital will be opened in Pahoek on the 20th of October. The workmen are busy this week converting the Lake Park hotel into a modern building to be used as a hospital. The building was leased for a period of five years with an option to buy or re-lease at the expiration of the term.

Everglades Memorial Hospital, Inc., formed several months ago, is headed by Arthur Wells, of Belle Glade, as president. Dr. H. C. Elzabes of Pahoek as vice president and H. M. McIntosh, president of the Bank of Pahoek, secretary and treasurer. W. H. Vann, Canal Point broker and Dr. S. J. Simmons, of Belle Glade, are other members of the board of directors.

Chen Blakey, contractor, is in charge of the alterations on the building. Plans for the new building to be erected at the rear of the present structure which will be used for the negro ward. It will be a two-story building. The use there will be two four-bed rooms and the remainder of the wards will be used as private and semi-private wards. Offices of the hospital said yesterday that 32 beds will be provided when the building is complete.

Through an agreement with the county board of commissioners the hospital will receive a share of the money now appropriated for the Good Samaritan hospital in West Palm Beach. As a result of this appropriation the Pahoek institution has been able to open for the Good Samaritan hospital in West Palm Beach. As a result of this appropriation the Pahoek institution has been able to open for the Good Samaritan hospital in West Palm Beach.

Hospital officials stated that alterations will cost in the neighborhood of \$5,000 and equipment will cost about \$10,000. The entire building will be given two coats of paint inside and out and complete new furnishings will be installed.

Mrs. Ruth Wilhelm of Sarasota has been engaged to act as superintendent of the hospital. It will be open for its doctors in the Lake Region, officials of the institution said.

Bass' Men's Store In
New Home In Pahoek

Bass' Men's Store, operated by Frank Bass in Pahoek, is being moved this week from its present location to the building formerly occupied by Kahn's Department store. Mr. Bass hopes to have the store moved and ready to open for business by the first of the coming week. He plans to add many additional lines of clothing, including a full and complete line of women's wear.

Sugar Corp. Shows
Earnings Increase
For The Past Year

\$871,082 Net Profit As Compared with \$804,910 In 1935-36

A story appearing in yesterday's Miami Herald under a New York date line shows that the United States Sugar Corporation, with offices in Clewiston and Canal Point, increased its net earnings for the fiscal year ending June 30, 1937, over the previous lowest year at amount in excess of \$66,000. The report shows net earnings for the fiscal year ending June 30, 1937, after all charges and federal income taxes were paid, of \$871,082, as compared with \$804,910 for the preceding year.

Earnings for the 1937 fiscal year are equivalent, after preferred dividends, to 55 cents per share on \$121,350 outstanding shares of common stock, compared with 52 cents per share on 1,493,848 shares earned in the previous fiscal year. The corporation's net assets at the end of June 30, 1937, showed total working assets of \$1,943,375, compared with total current liabilities of \$411,967. The net assets are a valuation of \$931,367 for growing crops.

The annual report, sent to stockholders today, points out that the 1937 crop was the largest ever produced by the corporation and that it was produced at the lowest cost, at \$44.28 per ton, despite the increased labor and material costs experienced by all American canners. The harvest amounted to 45,736 tons of raw sugar from 527,596 tons of company cane and 5,560 tons of purchased cane, resulting in a net profit of \$1,018,848, equal to \$20.90 per ton of sugar.

Benefit payments were not reduced on the recently completed crop and during recent congressional hearings the management opposed such payments as a restriction on continental production and taxes on sugar.

The report reveals that continued research has resulted in an increased yield of sugar.

Mayor Wells Asks
That Drivers Help
Protect ChildrenWill Station Policeman In
School Zones During
Rush Hours

Arthur Wells, mayor of Belle Glade, has asked the police to station a policeman in school zones during the morning and afternoon rush hours. The mayor is asking that traffic laws are not violated, he concluded.

A path has been cleared from the highway to the school building and the mayor is asking that drivers direct their children to use the newly made path instead of walking on the highway which leads to the depot. A crew of stationing a policeman in school zones during the morning and afternoon rush hours. The mayor is asking that traffic laws are not violated, he concluded.

Mock Is Captain of Hobson
Crew That Will Represent
Glades on Gridiron in '37NEW MACHINERY
ON ROAD 26 WORK

The regular dipper on the big Walking Monigan machine was found inadequate to handle the layer of hard rock recently struck by the George D. Aughter construction company in the construction of Road 26. They ordered a new rock dipper weighing 6 tons which was received and attached to the machine Wednesday. It is expected that the work will be much speeded up by this improvement in the equipment.

Bean Planting Is
Heavier As Season
Swings Into HighFavorable Weather
Conditions Cause of Heavy
Planting in Glades

Bean planting in the Lake Okechobee region took on heavier proportions this week as the weather remained favorable. Several hundred tons more of beans were planted which brought the total early acreage far above that of other seasons.

Many growers, especially in the Belle Glade section, are making arrangements to plant a heavy acreage of potatoes. Hundreds of bags of seed have been received and are now being treated to prevent rot. One potato grower in the Belle Glade section said this week that the outlook is favorable for a profitable crop of potatoes this fall.

A visitor from North Carolina in the Lake section this week said that green snap beans were selling from \$2.25 to \$2.75 per hamper. This report naturally encouraged early planters who are staking a great deal on their early offerings. However, dozens of other planters were pessimistic when the report came in. When the hundreds of Everglades acres are planted there will be a decided drop in price, they thought.

County's Gas Tax
Is Not Endangered
By Lee's MoveHe Is Merely Asking High
Court to Determine
Legality of Laws

Palm-Beach county's gasoline tax funds to the tune of \$29,653.20 are not endangered by Compromise J. Lee's refusal to pay out money under special acts. Regardless of what the court does in the case, the county will continue to receive the benefits accruing monthly from the special acts.

He told newsmen he is merely asking the court to tell him which of several acts he will follow in those counties having one or more special acts in addition to the original law. There are 115 local acts—some counties having six and some acts applying to five counties, making quite a complication.

First Game of Season On
Laid Field Starts Promptly
at 8:15 O'Clock

On Laid field in Pahoek to-night Coach Frank Hobson's Blue Devils will engage the aggregation representing Sarasota high school in the opening grid battle of the season. Kenny Mock, with several years foot ball experience on his belt, is captain of the outfit. Everglades and the Glades area this season. He is playing his last year with the locals.

Advantage goes from the West Coast city is to the effect that Sarasota has practically the same team as last year, and the one that Sarasota defeated in the Conference honors. Last season when the Pahoek team journeyed to Sarasota they were defeated by the close score of six to nothing. The locals are anxious to reverse the score tonight in their opening encounter.

Coach Hobson has been busy this week perfecting signals and fans are hoping that when the kick-off comes at 8:15 tonight they will see another winning aggregation as a result of Hobson's training. Yesterday afternoon, less than 24 hours before the game, Hobson was non-committal about the outcome. Naturally he has hopes but when it came to predicting a victory, he was cautious. Hobson had nothing to say about the only comment he had to make was that, "our boys will be in the fight."

Several boys from last year's squad will be found on the Pahoek line-up against this year, but lack of material has brought about many a shift in position. Dell who found in the starting line-up to-night is playing full back. Marvin will see action as a half back. Unwin, another guard last year, will be found in the quarterback position tonight. Several other shifts have been made and the Blue Devils should have a smooth-offering organization when the whistle blows.

Joe Tom Boydton, a favorite for a short time last fall before he was stricken ill, will be back in the line-up. He was found at left half. Snooks Spooner, with all his beef, will be in the right half. The starting line-up will be found elsewhere on this page.

County's Gas Tax
Is Not Endangered
By Lee's MoveHe Is Merely Asking High
Court to Determine
Legality of Laws

Palm-Beach county's gasoline tax funds to the tune of \$29,653.20 are not endangered by Compromise J. Lee's refusal to pay out money under special acts. Regardless of what the court does in the case, the county will continue to receive the benefits accruing monthly from the special acts.

He told newsmen he is merely asking the court to tell him which of several acts he will follow in those counties having one or more special acts in addition to the original law. There are 115 local acts—some counties having six and some acts applying to five counties, making quite a complication.

The original amount allotted this county when the state "bought" its road in 1921 was \$4,738,588.26 and every time of this will be paid to the county by the state, according to Comptroller, Lee, re-authorized of court decision. If Lee is upheld, the money must be used to first to retire the bonds issued to build the road; any surplus being available to the county commissioners solely for county road purposes. If Lee is reversed, the legislature can divert the money to salaries and other presentments.

So, in case you will not take part in the "game" just closed, many of the future and you'll have another chance at some easy money. Keep an eye open for future announcements.

THE EVERGLADES NEWS

PUBLISHED ON FRIDAY

AN INDEPENDENT NEWSPAPER

Entered at the post office at Canal Point, Fla., as second class matter.

Paul Rardin — Editor and Publisher

HAMPERS BY BOAT

More than a decade has passed since hamper, in large quantities, have arrived in this fertile farming region by boat. Since the coming of the railroad in 1925 the major portion of hamper shipments have been made by rail, with a goodly amount coming in by truck direct from the mills. Tuesday of this week gave old timers and the younger generation alike, something to talk about. The Navajo, operated by Water Transportation, Inc., of Jacksonville, docked at Canal Point and unloaded a carload of ham beams for the Kilgore Seed company.

There is a possibility that Tuesday's boat arrival may be in the inception of a regular service to Lake Okechobee towns. Officials of the transportation concern stated here Tuesday that present plans call for regular trips twice each week. Tentative plans call for boats to leave Jacksonville on Tuesdays and Fridays, arriving in Lake Okechobee on Thursdays and Mondays.

Docking facilities at Lake region towns are inadequate to care for heavy cargoes. Tuesday's load of ham beams was unloaded at an improvised dock in Canal Point and delivered to the purchaser by truck. Officials of the transportation company feel that Pahokee is the point where shipments should be unloaded. It is more centrally located, they believe, and docking arrangements can be more easily made there than elsewhere.

A tentative plan calls for erection of a dock and warehouse by the Town of Pahokee to be leased to the transportation company. Council members have not expressed their opinion, but it is thought that the matter will be taken up at the next council meeting.

SCHOOL OR GANG?

If you ask a boy who he would rather have, a schoolbook or an automobile, he will probably choose the automobile. After he grows up and feels handicapped by ignorance, he may wish he had chosen the book.

When schoolhouses opened their doors on Monday, a similar choice was placed before each child. The school offers him the world's wisdom and experience. Meanwhile the street crowd would entice him away to the unwholesome pleasure of the kid world.

The schools of Palm Beach county do not ask him to spend his entire time in study. He is given plenty for sport. Bookworms are a lowly tribe who do not conquer the earth. But the pupil has to choose whether or not study is to be his main aim. The boy or girl is pretty young for a choice on which the future depends. Teachers and parents help make that choice right. But the student has to make his own decision. Which is it, high school now, or success and prosperity for a life time?

SCHOOL-LUNCHES

In many homes noon is the customary time for dinner, but a nourishing meal of the day. Many of our school children, however, do not have time to come home from school at noon. So, they either eat their meals out of a box or buy a little lunch at school. Then, at evening when these children should be making up for the skimpy noon meal, the rest of the family are content with a small supper.

Situations like this have a lot to do with a large number of malnourished children in both city and rural schools. Three good meals a day are important for health.

plains, and good grades. A breakfast that will stand by the child until noon, a nourishing lunch containing at least one hot dish, and an evening dinner that makes up what the other meals lack are important for any child's success at school. The wise mother will see that the daily menu fills the needs of the school-child as well as the rest of the family and she will see that the lunch the child has at school will be enough to carry him through the afternoon.

To active school child, 12 o'clock until 6 is a long time to go without food, and very probably his healthy appetite will call for reinforcement when the classes are over and play time begins. Again a wise mother will recognize this fact and provide a satisfying light lunch for the child. It should be served at least two and one-half hours before the evening meal, to allow time for it to be properly digested.

The amount will depend on the activity of the child. The boy who is starting out to play a ball game or compete in a roller-skating race, may need as much as a peanut butter sandwich and a glass of milk. Fruit and milk are always good. Since these children are so busy, they should satisfy the child for the rest of the afternoon and make unnecessary the constant nibbling or snacking in which so many children indulge. These lunches should not prevent a good appetite when the school clock begins to advance. If children are not hungry, an observant mother will reduce the afternoon lunch to such an amount that it does not interfere with the evening meal. When there is too little time for a hearty lunch, the school child can't be quite sufficient to carry him through until evening. The mid-afternoon meal serves a definite purpose and should be planned with the same degree of regularity that governs breakfast, lunch, and dinner.

South Bay School Off To Good Start

Registration of approximately 50% of the elementary and junior high students of the South Bay School was made in advance by the school on Wednesday and Thursday according to instructions received from the county superintendent. Public instruction, John I. Leonard, so Principal Ned Koehner reports. "Since this is a consolidated school with patrons scattered over considerable territory it is thought that many parents found it impossible to attend to the matter during the week. Registration was completed early Monday morning and a full session of school conducted, final instruction which were given by Principal Koehner and members of the faculty at the county teachers meeting in West Palm Beach Saturday.

Last year's teachers who have returned include Mrs. Laura Williams, fifth grade teacher; Miss Irene Dawson, third and fourth grades; Mrs. Mrs. Catherine Brown, member of the junior high faculty. There are four new teachers from the University of Florida, will have charge of athletics and teach social studies, science and agriculture. He has had four years experience in public school work. Miss Doris Olsen of Lake Worth, L. I. degree from the Florida State College for Women, first grade teacher, comes to South Bay from Trenton, Fla. Miss Eleanor Dixon also of Lake Worth, L. I. degree from Florida State College for Women, second grade teacher, was transferred here from Lake Harbor. Mrs. Edna McClellan, sixth grade teacher, was transferred here from Canal Point where she has taught for several years. She holds an A. B. degree from the University of Florida and is a member of the Kappa Delta Pi, honorary society in education.

Pahokee and PERSONALS Canal Point Society

LEAGUE ENTERTAINS

The Epworth League of the Canal Point M. E. church entertained with an ice cream supper last Friday evening at the home of Mrs. Earl Maxon. Indoor games were enjoyed by all present, directed by Mrs. Soper.

GIVES RECEPTION

About fifty people attended the reception given by the Methodist church on Wednesday evening to the faculty of the Canal Point Public school. The program was in charge of Mrs. Frank Wilson and consisted of music and recitations.

Mrs. Wilson gave the address of welcome. The pastor spoke on the relationship between the church and the school and Prof. Cox responded, saying this was the first time he had experienced such cordiality in this city.

Mrs. Grady Boynton was master of ceremonies and called the faculty to the front where they were introduced by Prof. Cox, and where they were personally greeted by every one present. Refreshments were then served under the management of Mrs. Earl Maxon and Mrs. Will Jennings. Cake and punch and congratulations brought the event to a close.

Mrs. Emily Hooks and Mrs. Sam Smith were accompanied by D. Evans to West Palm Beach Saturday where Mrs. Hooks received medical treatment.

George Meade and Claud Galt are in New York city representing the local post at the American Legion convention.

Mrs. and Mrs. Sam McKinstry, Jr., had as their guest Sunday Mrs. McKinstry's aunt, Mrs. O. B. Jay, of Jacksonville. Mr. and Mrs. C. C. Crutcher and daughters, Winnie and Alberta, were guests of Mr. and Mrs. W. A. Sipp in Fort Lauderdale Sunday.

Mrs. G. W. Freese and son, J. B. Freese, of Okechobee were guests of Dr. and Mrs. R. P. Fletcher Sunday.

Dr. and Mrs. L. W. Armstrong are returning today from a visit in Tallahassee.

Mr. and Mrs. W. G. Smith and son, Wendell, visited Mrs. Smith's brother-in-law and sister, Mr. and Mrs. C. C. Clawson, in Lake Worth Sunday.

Mrs. L. W. Quarter of West Palm Beach spent the past week visiting her parents, Mr. and Mrs. J. W. Vinson, and her sister, Miss Jewel Vinson.

Earl Meredith, who has been employed in Lake Worth is spending this week here with his family.

Mr. and Mrs. J. B. Thomas had as their guests Sunday Mr. and Mrs. A. J. Richmond and Mr. and Mrs. J. C. Smith of Belle Glade.

Mr. and Mrs. J. C. Smith of Belle Glade.

Mr. and Mrs. J. L. Papp were visitors in Miami Sunday.

Thomas Elliott is at Good Samaritan hospital, West P. a. in Beach, convalescing from a recent operation.

Mr. and Mrs. Carl Cone and children and Mr. and Mrs. William Kincaid and son enjoyed a picnic dinner near Jensen Sunday.

Mrs. Lillian Helms of Alabama is visiting her brothers, Dr. C. E. Creel and A. L. Creel, and families here.

Mr. and Mrs. Edward Jensen had as their guests Friday and Saturday Mrs. C. B. Reynolds and daughter, Eloise, of West Palm Beach.

Charles Schell returned to his home in Melbourne Tuesday after visiting Sam Gibson here.

Mrs. Willie Bridges, J. F. Bridges and G. S. Collier escaped injury in an automobile collision near West Palm Beach recently.

Miss Pahokee Parent-Teacher association was host at a reception honoring the teachers of the Lake Harbor, South Bay, Belle Glade, Canal Point, and Pahokee schools Tuesday night in the high school auditorium. Mrs. J. E. Cochran, president, welcomed the honor guests after which P. E. Walker, principal of the Pahokee high school, and J. B. Cox, principal of the Canal Point school, introduced the faculties. J. I. Leonard, county superintendent, gave a brief talk.

The Palm Beach County Singing convention will meet at the Pahokee Methodist church Sunday, Sept. 26th, at 2 o'clock.

Mr. and Mrs. Dan Deshman announce the arrival of a son Monday, Sept. 20, at Jackson Memorial hospital in Miami.

James Hutto of Yemassee, S. C. is visiting his cousin, Mrs. C. J. Lovorn, and Mr. Lovorn.

Mrs. Lewis Davis has returned to her home here after being called to her home in Jacksonville on account of the serious illness of her father. Mrs. Davis' father is very much improved.

Mr. and Mrs. C. J. Lovorn and their guest, James Hutto, visited Mr. and Mrs. Keathley Bowden and friends in Clewiston, Monday.

Mrs. Grady Boynton, Mrs. C. B. Baverly, Mrs. Rudy Faulk and Mrs. Ted Daniels were visitors in Miami Friday.

J. V. Thomas attended a Gulf Oil corporation meeting in Tampa Monday.

Mr. and Mrs. Charles Lovorn have returned to their home here after a two week vacation spent in North Carolina and other points of interest.

Gordon Vann left Sunday morning for DeLand where he will attend Stenpan college. He was accompanied up there by his father, W. H. Vann, and Thadd Whidden. Mr. Vann and Mr. Whidden returned to their homes Monday.

Mrs. Paul Rardin and Mrs. Glen Cowart returned to their homes Sunday night after spending the past two weeks in Miami Beach.

Ken Swain of Clewiston spent the past week end with his mother, Mrs. Baker and Mr. Baker.

driver want to pass everything on the road. Only place in America where the people seem thoroughly safe is the cemetery.

Oct. 1 Deadline For Employers Report

S. H. Richards, field adviser of the Unemployment Compensation Division of the Florida Industrial Commission states that the last date upon which reports from all employers of one or more workers during either year 1936 or 1937 is now fixed as October 1st next.

He points out that while all employers of one or more workers in the covered employments are subject to the law to the extent that they are required to file report, only such employers of 8 or more workers for some portion of a day in each of twenty different weeks within either calendar year 1936 or 1937 are liable for contribution upon the wage-payroll for the year 1937.

Form reports may be obtained at the office of The Everglades News at any time during business hours, and the editor of such publication will be glad to advise with respect to the proper preparation thereof.

There are penalty provisions for failure or refusal to file reports, and the last day within which to file is now set for October 1st next. There will be no further extension of the time within which to file.

Evening Worship 8:00 P. M.
Prayer Service Wednesdays at 8:00 P. M.
Choir Rehearsals Fridays 7:30 P. M.
Cordial welcome to all.

Less Monthly Discomfort
Many women, who formerly suffered from a weak, run-down condition as a result of poor assimilation of food, say they benefited by taking CARDOL, a special medicine for women. They found it helped increase the appetite and improve digestion, thereby bringing them more strength from their food. Naturally there is less discomfort at monthly periods when the system has been strengthened and the various functions restored and regulated. Cardol, graded by thousands of women, is well known for its safety. It is a safe, reliable medicine.

INSURANCE
EVERGLADES INSURANCE AGENCY
Phone 2581 Pahokee

SOUTH BAY

Joe Wall came down from Port Pierce to Clewiston on U. S. Engineers dredge No. 1, which will remain in Clewiston for two weeks for repairs on a bent boom. C. M. Stever and family returned from their vacation at Chululuta, Fla., the last of the week in order that the children might spend the week at Stever's place. The Florida East Coast Railway depot will be open on Oct. 15.

Mr. and Mrs. Vernie Corbett have moved to Bare Beach where he will farm with Julius Herling this season. Mrs. Bonnie Gardner of Lake Worth is visiting her father and family for a week. Mrs. Bonnie Hester submitted to a major operation at the Good Samaritan hospital Saturday.

Mr. Frank Moore and daughter, Mildred and Norma, of Stuart visited Mr. and Mrs. W. E. Hudson this last week. Norma will remain with her grandparents and attend the Seventh Day Adventist school at Belle Glade.

Roy Petty spent Sunday with his wife who is staying with sick mother and sister in Miami. Mr. and Mrs. E. Meade Willis visited relatives in West Palm Beach and Lake Worth on Sunday. They were accompanied on their return by Mrs. Laura Crow, who will remain with her daughter and son for some time.

The Baptist Sunday school is planning on a rally day service on October 1. Charles E. Forbes spent the week end with his family here returning to Lake Worth Sunday afternoon for further treatment for his hand. Mr. Edith Y. Barrus, county home demonstration agent, and Miss Charlie Belcher, state clothing specialist, visited Betty Rawlin, June Goodbread and others here on Sunday.

Mr. and Mrs. W. C. Allen moved to West Palm Beach the last of the week to bring her brother, James, home from the hospital. Mrs. Ila J. Hardy and sons, Wayne and Glenn Roy, arrived home Sunday from their summer vacation at Chipley, Fla.

Mr. and Mrs. Roy E. Hudson have returned from a week end trip to Orlando. V. A. Fields has returned from a trip to Memphis, Tenn.

Mr. J. E. Lyons of New City is a patient at the Good Samaritan hospital in West Palm Beach. Mrs. Louise Rawlin left Tuesday morning to attend the club leaders conference with Mrs. Edith Y. Barrus and Miss Clarine Belcher, state university extension worker.

It is claimed the children are no longer willing to work for spending money. They probably say it is hard enough work to get it out of Dad.

WANT ADS
RATE—1c a word, 50c minimum, strictly cash in advance—cash stamps.
FOR SALE—20 acre farm, \$2100. 15 cash. See C. A. Bailey, Pahokee. 824
FOR SALE—Small house and lot (close in) \$700. cash. C. A. Bailey. 824

FOR SALE—No. 3 Red Bliss potatoes. Reasonable price, a few Maine Cobblers, all grown on sandy land, in storage at Arcadia. M. Woolsey, Vanity Arcade, Lakeland, Fla. 01p

Plans Would Make Key West Monte Carlo of The Western Hemisphere

KEY WEST, Sept. 23.—(FNS)—Florida's island city may become the Monte Carlo of the western hemisphere if plans now well formulated are carried out. The Key West Casino, which reports the consummation of a deal between Lloyds of London and a great gambling syndicate for the investment of \$40,000,000 in the development of a modern Monte Carlo on the island.

Details of the gigantic project have necessarily been kept secret and all interested parties to disclose any matters relative to the plans. The Casino states, however, that information from a reliable source reveals that those interested are associates of the late Henry M. Flagler.

The plans include construction of the world's largest race track with up-to-date hotels, clubs, casinos, bathing pavilions, pools, in fact the most complete resort facilities to be found anywhere in the world.

Key West is ideally located for such a venture and if the plans are carried out it would become the cross-roads of the Americas and attract tourists from all over the world.

It is reported also from a source believed to be authentic, that another group is planning to establish a special steamer service from Key West to Havana, to operate when the new overseas line just before the opening of the tourist season and start a grand old-fashioned argument on the subject of gambling and without realizing it Fred busts out with a statement that he can pick up and go to town with for a million dollars worth of free publicity while they slip back in all right—business wear a halo with Fred left behind the Mas.

The idea of Miami-Yelpin or gambling is almost as funny as it is ridiculous. And the screwy statement that the community is opposed to it makes it just that much funnier as far as the opinion.

The new Ministerial association, no doubt, is again games of chance, except those conducted under the auspices of the tourist society at the annual bazaar, and a few politicians and racketeers are shoulder to shoulder with the "good people" as far as the operation of "certain places" is concerned. But the other hundred or so members of the tourist society of the Magic City are for a well-kept town and if anybody really tried to close it up they'd howl so loud you could hear 'em in far-off Siberia.

Governor Conner's recent statement may have been a bit blunt and crude, it might have been phrased in a more delicate manner. But nevertheless, everybody knows he simply spoke the plain unvarnished truth, and as it usually the case, the truth hurts. Conner's position is no different than that of all other governors, only the others just didn't talk about it.

If Miami doesn't want gambling she doesn't have to have it any more. Miami and Dade county and it is nobody's little red wagon but her own—and all this bawling about it being 'up to the governor is just so much childish blarney.

According to all reports the people of Miami and Dade county have the regulation number of sheriffs, constables, deputies and police officers to insure the proper enforcement of law, and unless the rules have been changed right recently they have a session of the grand jury every now and then. Any noble citizen of Miami who is really alarmed over the situation has only to swear out a warrant or point out offenders to the boys they picked out and pay to take such things.

Then if these duly constituted enforcement officers fail to do their duty or ignore such demands the grand jury might look into it about the way they handle it. This is the only way. After this sort of normal procedure has been followed it's plenty soon enough to start worrying the governor. Let the grand jury do the job or any other county indict an officer for failure to perform, and

Florida Farmers Are Paid More Than Million In Soil Saving Program

GAINESVILLE, Fla. — More than \$1,000,000 has been paid to Florida farmers for cooperating with the 1936 Agricultural Conservation program, according to H. C. Lyons, district agent with the State Agricultural Extension service and director of the program in the state.

The total amount of money disbursed by the Agricultural Adjustment administration to cooperating farmers for soil conservation is \$1,000,000. This sum represents payments on 20,938 applications which were certified to the general accounting and disbursing offices of the Triple-A in Athens and Atlanta. Ga. Farmers cooperating in the program own 540,530 acres of Florida crop land, or more than half of the crop land in the state, Mr. Lyons said.

The district agent explained that payments were made for diverting land from soil-depleting to soil-conserving crops or for carrying out soil-building practices on 563,515 acres. Included in this total were lands diverted from soil-depleting crops such as cotton, tobacco, and corn to soil-building crops such as Austrian winter peas and other legumes, and land on which soil-building practices such as terracing were put into effect.

Cotton led all other soil-depleting crops in the number of acres diverted, a total of 3,262 acres. Formerly planted to cotton being diverted to soil-conserving crops. Most of the payments to Florida farmers in the program have already been made, although there are a few that still remain to be paid within the next few weeks, Mr. Lyons said.

Strong Cast Supports Raymond and Sothern

A splendid cast supports Gene Rayburn and Ann Sothern in the newspaper romance-thriller, "The Girl From Paris," showing at the Prince theatre Sunday and Monday.

Playing one of the featured roles is lovely Joan Woodbury, one of Hollywood's most versatile and accomplished actresses. Miss Woodbury does a difficult Spanish dance in a night-club setting, as one of the highlights of the picture.

Richard Lane, popular Broadway actor who recently made his motion picture debut, plays the role of a hard-boiled city editor. "The Girl From Paris" is said to be outstanding.

Frank Jenks, who scored a hit in the last Lily Pons picture, "That Girl From Paris," is seen in the role of a newspaper reporter, a part which gives full swing to his talents as a comedienne.

Gordon Jones, fast-rising young star, who has played leading roles in several pictures since leaving the University of California, where he was a football hero, also plays one of the featured roles.

Other well known players are Bridget Fage, Marie Shulton, William Corson, Maxine Jennings, Chester Clute, Harry Worth and Roy James.

This is the fourth movie in which Raymond and Miss Sothern have appeared opposite each other. They play the roles of rival reporters who are in love with each other.

The original story by George Beck was adapted for the screen by Harry Segall. Ben Holmes directed the RKO Radio production.

WEATHER

Temperature and rainfall at Canal Point for week ending September 19, 1937.

TOO LATE TO CLASSIFY

By Russell Kay.

You sure gotta hand it to them folks down in Miami when it comes to advertising and publicity they got the state lookin' like an ox-cart compared to a steamship.

They set Governor Fred down there just before the opening of the tourist season and start a grand old-fashioned argument on the subject of gambling and without realizing it Fred busts out with a statement that he can pick up and go to town with for a million dollars worth of free publicity while they slip back in all right—business wear a halo with Fred left behind the Mas.

The idea of Miami-Yelpin or gambling is almost as funny as it is ridiculous. And the screwy statement that the community is opposed to it makes it just that much funnier as far as the opinion.

The new Ministerial association, no doubt, is again games of chance, except those conducted under the auspices of the tourist society at the annual bazaar, and a few politicians and racketeers are shoulder to shoulder with the "good people" as far as the operation of "certain places" is concerned. But the other hundred or so members of the tourist society of the Magic City are for a well-kept town and if anybody really tried to close it up they'd howl so loud you could hear 'em in far-off Siberia.

Governor Conner's recent statement may have been a bit blunt and crude, it might have been phrased in a more delicate manner. But nevertheless, everybody knows he simply spoke the plain unvarnished truth, and as it usually the case, the truth hurts. Conner's position is no different than that of all other governors, only the others just didn't talk about it.

If Miami doesn't want gambling she doesn't have to have it any more. Miami and Dade county and it is nobody's little red wagon but her own—and all this bawling about it being 'up to the governor is just so much childish blarney.

According to all reports the people of Miami and Dade county have the regulation number of sheriffs, constables, deputies and police officers to insure the proper enforcement of law, and unless the rules have been changed right recently they have a session of the grand jury every now and then. Any noble citizen of Miami who is really alarmed over the situation has only to swear out a warrant or point out offenders to the boys they picked out and pay to take such things.

Then if these duly constituted enforcement officers fail to do their duty or ignore such demands the grand jury might look into it about the way they handle it. This is the only way. After this sort of normal procedure has been followed it's plenty soon enough to start worrying the governor. Let the grand jury do the job or any other county indict an officer for failure to perform, and

Fred will fire him so quick it will surprise you.

I don't know about Fred, but if I was governor and folks down there kept yapping at my heels and carryin' on the way they have with him for the past week or so, I'd turn on 'em and close their cockeyed town so blamed tight they couldn't get it open with a dark lantern and a jimmy, and I'd close 'em tight as right on through the tourist season. But I wouldn't stop with just closin' a few night clubs and some rooms; I'd close everything that the law would let me close and make 'em like it!

A good dose of sure 'nuff, no doubt, but I don't think it would open a lot of eyes and I don't mean maybe-so, for we got a mass of 'em on our books that a lot of folks have forgotten if they ever knew about 'em. And boy, what a straight-jacket they'd prove to be for any community that got tied up in 'em.

Of course it is just a tempest in a tea-pot—a little quarrel between the boys about the screwy statement that the community is opposed to it makes it just that much funnier as far as the opinion.

The new Ministerial association, no doubt, is again games of chance, except those conducted under the auspices of the tourist society at the annual bazaar, and a few politicians and racketeers are shoulder to shoulder with the "good people" as far as the operation of "certain places" is concerned. But the other hundred or so members of the tourist society of the Magic City are for a well-kept town and if anybody really tried to close it up they'd howl so loud you could hear 'em in far-off Siberia.

Governor Conner's recent statement may have been a bit blunt and crude, it might have been phrased in a more delicate manner. But nevertheless, everybody knows he simply spoke the plain unvarnished truth, and as it usually the case, the truth hurts. Conner's position is no different than that of all other governors, only the others just didn't talk about it.

Then if these duly constituted enforcement officers fail to do their duty or ignore such demands the grand jury might look into it about the way they handle it. This is the only way. After this sort of normal procedure has been followed it's plenty soon enough to start worrying the governor. Let the grand jury do the job or any other county indict an officer for failure to perform, and

to bunk for in the night with neighbors.

The inn was located on a slight ridge in the east section of the city and no other buildings were near enough to be caught in the flames.

The Clewiston Inn was built in 1928. Recently an outer corridor was added to the frame and cinder structure.

The spectacular blaze not only drew out three-fourths of Clewiston's population but spectators from nearby lake settlements.

LEADING HOSTILITY OF GLADES SECTION DESTROYED BY FIRE
(Continued from Page 1)
ing operated under lease by Mr. and Mrs. Claude L. Downs.

With Clewiston already crowded and the winter season approaching, the loss of the hotel, only one in that area, raised a serious housing problem for the former patrons. The hotel was nearly full and the fire refugees were forced

COUNTY'S GAS TAX IS NOT ENDANGERED BY LEE'S HOVE
(Continued from page 1)

When the full "purchase price of the roads" has been paid the county, it is provided that the monthly payments—without a penny's reduction—shall continue to be paid for the benefit of the county, regardless of the court's decision.

If Lee is upheld, the money goes to the State Road department to be spent solely in this county on roads of the first, second and third preferential state road systems. The law amply safeguards this county against any of its share being spent in other counties. If Lee is reversed, the counties can, under special acts, divert this money to salaries or other county expenses regardless of the need for roads.

The flow will continue until all the roads of the three highway systems in this county are built—many years hence—before any part of it goes to the general road fund of the state where it can be spent only on State Highways for the benefit of all counties.

SUGAR CORP. SHOWS EARNINGS INCREASE FOR THE PAST YEAR
Continued from Page 1

Almost complete change in types of cane planted in the past few years showing a yield as high as seven tons of raw sugar per acre-year. Ninety per cent of present plantings consist of Java and Florida canes.

Why You Should Plant ANCHOR BRAND SEED POTATOES
Grown in the Cumberland Mountains of Tennessee

The stock we have are grown from carefully selected certified seed.

The State of Tennessee requires three years rotation and is only one State that requires spraying, and they also have a very rigid inspection and roguing program.

All certified seed must be graded in the presence of the State Inspector who then tags and seals every bag as it comes from the scales.

Every effort has been put forth to grow and produce fine high yielding crops free from disease. Anchor Brand Seed will stand out against any other.

Green seed will not set as heavy a crop as mature seed. Anchor Brand Seed are stored several weeks before being shipped, which insures full weight at the time of shipping.

Come in and let us quote you on Anchor Brand Seed Potatoes.

THIS TRACTOR MASTERS MUCK

Here, one of the first Model 22 Caterpillar's is doing some tough plowing for Mr. J. W. Cochran near Pahokee, Fla. Twelve inches deep! It takes over 2½ gallons of cheap tractor fuel and per bush. Mr. Cochran says: "I have never seen a new 22" Caterpillar Tractor. Repeat orders from present owners is our best recommendation."

Let us tell you more about this all-year producer. Or, better still let us give you a demonstration on your farm. Get in touch with us today or phone Johnnie Miller, salesman, at Pahokee No. 3717.

The "CATERPILLAR" track-type tractor is complete MASTER on muckland fields. Broad tracks ride on top of the soil. Wide grouseers brace the tractor's pull. A sturdy engine that stays at work and burns cheap tractor fuel. That combination means traction for action—power to set work done in the "doughest" muck.
